RE: 2016-2017 Annual Investment Report

Dear Ladies and Gentlemen:

On behalf of the South Carolina Retirement System Investment Commission (RSIC), it is my pleasure to provide the enclosed report on the investments and operations of the South Carolina Retirement Systems portfolio for Fiscal Year Ended 2017.

For the Fiscal Year Ended June 30, 2017, the RSIC's investment portfolio enjoyed strong performance achieving an 11.88 percent return net of fees, which exceeded the portfolio's Policy benchmark return of 11.82 percent. The three-year annualized net of fees return was 4.23 percent compared to the Policy benchmark return of 4.49 percent. The five-year annualized portfolio return and Policy benchmark return were 7.50 percent and 7.11 percent, respectively. The portfolio's actuarial assumed rate of return was 7.50 percent for the fiscal year, however, effective July 1, 2017, the Retirement System Funding and Administration Act of 2017 lowered the actuarial assumed rate of return to 7.25 percent.

The portfolio's strong absolute returns had a significant positive impact on the total asset value of the fund. As of June 30, 2017, total portfolio assets were valued at \$30.1 billion, reflecting a \$2.1 billion increase in assets over the fiscal year net of fees and benefit payments. This increase resulted from an outflow of \$1.1 billion in net benefit payments and a \$3.2 billion net inflow from investment performance.

We are pleased with the increase in the absolute and relative investment performance of the portfolio this past fiscal year and encouraged that the efforts we have made to significantly restructure the portfolio and our approach to investing are showing signs of progress. We are also committed to continuing this progress in pursuit of achieving the RSIC's strategic goal of earning a three-year trailing rate of return that exceeds the median peer public pension fund and our Policy benchmark return.

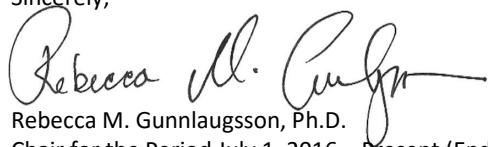

We are deeply honored to serve our beneficiaries and participants and have confidence in our talented and dedicated staff's ability to manage the Systems' funds and assets. We know that continuing to challenge ourselves to improve our investment performance must remain our focus every fiscal year.

2016-2017 ANNUAL INVESTMENT REPORT

Page 2 of 2

We greatly appreciate the support you have provided the RSIC and, most importantly, the over 500,000 beneficiaries we serve.

Sincerely,

A handwritten signature in black ink, appearing to read "Rebecca M. Gunnlaugsson".

Rebecca M. Gunnlaugsson, Ph.D.

Chair for the Period July 1, 2016 – Present (Ending June 30, 2018)

CONSULTANT LETTER

August 31, 2017

The Honorable Henry McMaster, Governor
State Fiscal Accountability Authority
Members of the General Assembly of South Carolina

RE: FYE 2017 Report

Dear Governor and Members:

As the investment consultant for the Retirement System Investment Commission (RSIC), Aon Hewitt Investment Consulting (AHIC) is pleased to submit this summary of the investment structure and performance of the South Carolina Retirement System (SCRS) investment portfolio for the fiscal year ended (FYE) June 30, 2017.

The 2016-17 fiscal year was led by strong performance across equity markets, specifically, non-U.S. equity markets as investors focused on central bank activity and election results in the U.S. and across Europe. The Federal Reserve's decision to raise rates twice during the fiscal year, once in December and again in March, along with decreasing inflation expectations left fixed income markets muted. Non-U.S. equity markets outpaced domestic equity markets in three of the four quarters while U.S. equity markets only outpaced markets overseas following the U.S. election results in November, as the new administration's anticipated reflation policies boosted returns. The momentum triggered by the prospects of U.S. reflationary policies that carried global equity markets higher in late 2016/early 2017 stuttered and was ultimately replaced by strong corporate and economic fundamentals.

Throughout the fiscal year, the Commission and its staff worked hard to further several long-term initiatives, including:

- Reviewing asset allocation and adopting a new long-term asset allocation policy in April
- Refining investment strategy to lower costs, where possible

During the fiscal year ending June 30, 2017, the SCRS investment portfolio returned 11.9% (net-of-fee basis), and outperformed its Policy Index by 0.1 percentage point. Over the trailing three-year period ending June 30, 2017, the SCRS portfolio returned 4.2%, underperforming its Policy Index by 0.3 percentage points. Over the trailing five-year period ending June 30, 2017, the SCRS portfolio returned 7.5% and outperformed its Policy Index by 0.4 percentage points. All returns are reported on a time-weighted return basis.

2016-2017 ANNUAL INVESTMENT REPORT

August 31, 2017
Page 2

As of June 30, 2017, the SCRS investment portfolio totaled \$30.1 billion. This represented an increase of \$2.1 billion from its value on June 30, 2016, due to investment gains of \$3.2 billion and net outflows of \$1.1 billion. The portfolio's asset allocation at fiscal year-end was as follows:

Global Public Equities	35.1%
Core Fixed Income	10.0%
Global Asset Allocation	9.3%
Private Equity	7.6%
Mixed Credit	6.7%
Private Debt	5.9%
Private Real Estate	5.9%
Equity Options	5.2%
Emerging Markets Debt	5.2%
Other Opportunistic Strategies	2.8%
Hedge Funds Non-Portable Alpha	1.6%
World Infrastructure	1.4%
Public Real Estate	1.3%
Cash and Short Duration (net of overlays)	2.0% ¹
Total	100.0%
Hedge Funds Portable Alpha	7.7% ²

The investment portfolio's June 30, 2017 asset allocation was within statutory limits and was consistent with the targets and ranges set forth in the Annual Investment Plan and in the Statement of Investment Objectives and Policy.

We at AHIC have been honored to serve as the investment consultant to the RSIC.

Sincerely,

Suzanne M. Bernard, CFA, CAIA
Partner
Aon Hewitt Investment Consulting

¹ Cash and Short Duration are net of collateral supporting the Overlay Program.

² Hedge Funds Portable Alpha represents the gross exposure utilized in the Overlay Program and is offset at the Total Plan level.

OVERVIEW

PURPOSE & DUTIES

The South Carolina Retirement System Investment Commission (RSIC) is responsible for investing and managing all assets held in trust for the participants and beneficiaries the five defined benefit plans: South Carolina Retirement System (SCRS), South Carolina Police Officers Retirement System (PORS), Retirement System for Judges and Solicitors of the State of South Carolina (JSRS), Retirement System for Members of the General Assembly of the State of South Carolina (GARS), and the National Guard Retirement System (SCNG), collectively referred to hereinafter as the ("Retirement System") or ("Systems").

The RSIC's primary investment objective is to achieve a high level of investment return consistent with a prudent level of portfolio risk. The assets of the Retirement System are invested in conformity with the requirements of South Carolina law and are designed to increase the probability of achieving the long-term objectives of the Retirement System.

As of Fiscal Year End (FYE) 2017, members of the RSIC Commission ("Commission") are: Rebecca M. Gunnlaugsson, Ph.D., Chair; Ronald P. Wilder, Ph.D., Vice Chair; Edward Giobbe, MBA; Reynolds William, JD, CFP; Allen R. Gillespie, CFA; Curtis M. Loftis, Jr.; and Peggy G. Boykin, CPA.

HISTORY

Effective October 1, 2005, the State Retirement System Preservation and Investment Reform Act (Act 153) established the Commission and devolved fiduciary responsibility for all investments of the Retirement System upon the RSIC, which is currently a seven-member commission made up of financial experts, including the State Treasurer and a non-voting retired member of the Systems. Act 153 also provided that equity investments cannot exceed 70% (formerly 40%) of the Total Plan Portfolio (Portfolio) and created the position of Chief Investment Officer.

The assets of the Retirement System had historically been invested only in fixed income investments until a constitutional amendment was ratified in 1997. The amendment allowed the RSIC to invest in "equity securities of a corporation within the United States that is registered on a national securities exchange as provided in the Securities Exchange Act, 1934, or a successor act, or quoted through the National Association of Securities Dealers Automatic Quotation System, or a similar service" (SC Constitution Article X, §16). The Retirement System began investing in equities in June 1999, although full diversification of the Portfolio remained constrained by the State Constitution. In November 2006, a constitutional amendment allowing for full diversification of the Retirement System's Portfolio was approved in a statewide referendum and subsequently ratified by the Legislature in February 2007.

DISCLOSURE OF MATERIAL INTEREST

As of June 30, 2017, there was no material interest noted by a member of the Commission or an employee who is a fiduciary with respect to investment and management of assets of the Retirement System, or by a related person, in a material transaction with the Retirement System within the last three years nor in any proposed material transaction of the Retirement System.

PLACEMENT AGENT

All investments closed during FYE 2017 were in compliance with the RSIC's Placement Agent Policy ("Policy"). The Policy requires disclosure, by the General Partner or Investment Manager, on behalf of itself and its affiliates, of whether any marketing, placement or finder fees ("Placement Fees") have been paid to any third party in connection with the RSIC's investment and whether any Placement Fees will be paid or received in connection with the RSIC's investment. During FYE 2017, all Policy-required disclosures by new investments indicated that no Placement Fees had been or would be paid in connection with the RSIC's investment.

COMMISSION

REBECCA GUNNLAUGSSON

Ph. D., Chair

Appointed by the Comptroller General

Dr. Rebecca Gunnlaugsson is an economist specializing in public finance with proficiency in statistical data analysis and econometric modeling. She has additional experience in business consulting concentrated on strategic planning, project management, and firm-wide technology implementation.

Dr. Gunnlaugsson has served as the Director of the Division of Research and subsequently Chief Economist at the South Carolina Department of Commerce. In these roles, she directed federally funded Department of Labor programs responsible for the development of state and local occupation growth projections, industry cluster analysis, and workforce program evaluation. Additionally, she led research teams conducting economic and fiscal impact analyses of economic issues affecting South Carolina,

including state, local, public, and private infrastructure and development projects. She has done extensive research on taxation and optimization for long-term economic growth, having testified before the 2010 South Carolina Tax Realignment Commission (TRAC) and the 2017 South Carolina House Tax Policy Review Committee, as well as having served on the 2016 Governor's Local Government Competitiveness Council.

Her experience also includes that as a senior technology consultant for Accenture where she was involved in firm-wide business and technology implementations for clients that included state governments, state universities, hospitals, and large national corporations. Dr. Gunnlaugsson is currently a principal at Acuitas Economics, where she specializes in statistical analysis and econometric modeling to develop interactive, visual methods to deliver data-driven insights and recommended policy solutions.

Dr. Gunnlaugsson received her Bachelor's and Master's Degrees in Mechanical Engineering from the Massachusetts Institute of Technology and her Ph.D. in Economics from the University of Michigan.

RON WILDER

Ph. D., Vice Chair

Retiree Representative

Elected by the Commission

Ron Wilder is a Distinguished Professor Emeritus of Economics at the Darla Moore School of Business, University of South Carolina, where he conducted research and taught courses in microeconomics, managerial economics, industrial organization, government and business, and health economics.

He earned a BA and MA in Economics at Rice University, and a Ph.D. in Economics at Vanderbilt University. During his 36-

year tenure at the University of South Carolina, Dr. Wilder taught undergraduate and graduate economics and directed many Master's theses and Ph.D. dissertations. He also taught managerial economics in the MBA program, including the televised PMBA.

His administrative assignments included service as Chairman of the Department of Economics from 1987 until 2002.

Dr. Wilder has published many articles in economics journals, as well as several monographs. He has also completed consulting assignments in areas such as antitrust policy, public utility regulation and valuation of economic losses. His current research interests include health economics, regulation, and financial economics.

CURTIS M. LOFTIS, JR.

State Treasurer, Commissioner

Curtis M. Loftis, Jr. is the State Treasurer of South Carolina. He is a native of Lexington County and a graduate of University of South Carolina. He is a business owner, and the founder and benefactor of The Saluda Charitable Foundation.

The State Treasurer is the "private banker" for South Carolina. He is responsible for the investment, cash management and safekeeping of the State's general and restricted funds, and the assets of the South Carolina Retirement Systems.

The Treasurer is the Vice Chair of the State Budget & Control Board. Mr. Loftis is the Chair of the State Board of Financial

Institutions. He is the Vice Chair of the South Carolina Tobacco Authority. The Treasurer is the Vice Chair of the South Carolina Education Authority and the custodian of the Authority's funds.

Away from the office, the Treasurer is busy serving others. In 2000, he founded The Saluda Charitable Foundation. The foundation focuses its giving on the education, nutrition, and medical care of children, especially those with disabilities. Saluda Charitable has served more than 300,000 meals, built a church, renovated schools and hospitals, and sponsored medical missions and food pantries.

Mr. Loftis is an avid outdoorsman. He enjoys spending time hiking, fly-fishing, rock climbing, hunting, and clearing his land.

His love of travel has taken him all over the world and led him to establish his philanthropic organization to help people in less developed countries.

REYNOLDS WILLIAMS

CFP, Commissioner

Appointed by the Chairman of Senate Finance

Mr. Williams is a recipient of the American Jurisprudence Award in Contract Law and was admitted into all state and federal courts in South Carolina, the United States Court of Appeals for the Fourth Circuit, and the U.S. Supreme Court.

He has served as chairman of several arbitration panels of the National Association of Securities Dealers; the American Arbitration Association; Florence County Election Commission; the Duke Private Adjudication Center; Board Chairman of Florence National Bank; and Greater Florence Chamber of Commerce.

He has also served as President of the Florence Rotary Club; on the school board at All Saints; Board of Directors of Community Bankshares; and the Board of Directors of Florence County Progress.

Mr. Williams was a Faculty Seminar Participant at the 1991 U.S. Army War College. He also served as Director of IRIX Pharmaceuticals.

Mr. Williams was the President of the S.C. Chapter of the Federalist Society and is a member of the Defense Research Institute, American Board of Trial Advocates, and South Carolina Defense Trial Attorneys Association.

He has served as Vice-Chairman of the State Board for Technical and Comprehensive Education.

Mr. Williams is recognized in the following books: Leading Lawyers in America, Super Lawyers, and The Best Lawyers in America. In 1999, Governor Beasley awarded Mr. Williams the Order of the Palmetto, South Carolina's highest honor, for his public service, civic responsibility, and friendship to the State. In 2001, he was named Business Person of the Year by the Greater Florence Chamber of Commerce.

The University of South Carolina School of Law recognized Williams as a Compleat Lawyer, for his 30+ years of "exemplary service" to the bar and the public.

A former Certified Financial Planner (CFP®), Mr. Williams was recognized in a Concurrent Resolution of the S.C. House and Senate for his leadership during the Investment Commission's formative years.

2016-2017 ANNUAL INVESTMENT REPORT

ALLEN GILLESPIE

CFA, Commissioner

Appointed by the Chairman of House Ways and Means

Mr. Allen Gillespie, a native of Anderson, South Carolina, is the chief investment officer for FinTrust Investment Advisors and GNI Capital. He has been in the investment industry since 1995, specializing in asset allocation research, manager due diligence, individual security analysis, and custom client portfolio management.

Mr. Allen Gillespie graduated cum laude from Washington & Lee University, earning a bachelor's in Economics. He is

also a member of the Omicron Delta Epsilon, Economics Honor Society.

Mr. Gillespie has been recognized as Institutional Investor's 25 Rising Starts of Hedge Funds, a Liberty Fellow, and is an accomplished writer in several financial journals.

He has served as a CFA Institute Research Challenge Mentor to various college and universities.

Mr. Gillespie holds FINRA Series 4, 7, 24, 53, 63, 65, 86, and 87 licenses.

He serves his community as the Chair of the Endowment Board for Meals on Wheels of Greenville and is a former member of the GAMAC Endowment Board.

EDWARD GIOBBE

MBA, Commissioner

Appointed by the Governor

Mr. Edward Giobbe is a resident of Aiken, South Carolina. He has 37 years of experience in financial services and a diverse background that includes equities and fixed income in the areas of trading, sales, and investment banking.

He was a principal in the Fixed Income Division of Morgan Stanley Inc., in New York from 1978 until his retirement in 1995.

Mr. Giobbe served as a member of the City of Aiken Planning Commission and remains active in community affairs. While working at Morgan Stanley, Mr. Giobbe primarily worked with institutional sales specializing in major financial institutions such as bank trust departments, money managers, mutual funds, insurance companies, and pension funds.

Mr. Giobbe is a retired Captain in the United States Army Reserve, completing active duty in the United States and in Japan.

He earned a bachelor's from Yale University and MBA from the New York University Graduate School of Business Administration.

PEGGY G. BOYKIN

CPA, Commissioner

Ex officio member¹

Mrs. Peggy G. Boykin, CPA, is the executive director of the South Carolina Public Employee Benefit Authority (PEBA). Previously she was the director of the South Carolina Retirement Systems and a member of PEBA's Board of Directors. Mrs. Boykin has also served as Director of Special Projects at the College of Charleston.

A native of Wagener, S.C., Mrs. Boykin earned a bachelor's degree in business administration from the College of

Charleston in 1981 and her certified public account (CPA) accreditation in 1985. In addition, she is a graduate of the Budget and Control Board's Executive Institute and the Governor's Center at Duke University. Mrs. Boykin received her certified retirement administrator designation in 1999.

Mrs. Boykin is an active member of the American Institute of Certified Public Accountants, the South Carolina Association of Public Accountants, the National Council on Teacher Retirement, the National Association of State Retirement Administrators, and the National Association of Government Defined Contribution Administrators.

¹As a result of Act No. 278 of 2012, the Executive Director of the Public Employee Benefits Authority became an *ex officio*, non-voting member of the Investment Commission.

POLICY ALLOCATION

POLICY

The Commission manages the Systems' assets with a long-term horizon and seeks to earn an appropriate risk-adjusted return with consideration to the goals and circumstances of the Systems and in the exclusive interest of the members and beneficiaries. Among the decisions the Commission can make, asset allocation has the most significant impact on the portfolio's return, risk profile and cost, and is reviewed annually as part of the development of the AIP.

Based on the Commission's determination of the appropriate risk tolerance for the Portfolio and its long-term return expectations, it has authorized the following Policy Asset Allocation, including target allocations and ranges for each asset class that were adopted by the Commission for the fiscal year beginning July 1, 2016.

POLICY ALLOCATION AS OF JUNE 30, 2017

Asset Allocation	Policy Target	Allowable Ranges	Policy Benchmark

¹ Plan returns are from BNY Mellon and are time-weighted, total return, net of fees and expenses, and expressed in USD. Periods greater than one year are annualized. Returns generated from synthetic exposure through the Overlay Program are reflected in the total Plan return but are not included in the asset class segment returns.

² The Policy Benchmark is set annually by the RSIC and has changed over time. The presented returns are a blend of previous policies.

³ Mixed Credit: 1/3 Bloomberg Barclays US Corporate High Yield 2% Issuer Capped Bond Index, 1/3 S&P/LSTA Leveraged Loan Index, 1/3 Bloomberg Barclays US Mortgage Backed Securities (MBS) Index blend through 06/30/2016; 50% Bloomberg Barclays US Corporate High Yield 2% Issuer Capped Bond Index, 50% S&P/LSTA Leveraged Loan Index since.

Amounts may not add up to totals due to rounding.

SECURITIES LENDING

PORTFOLIO STRUCTURE

The Portfolio currently participates in a securities lending program, managed by the BNY Mellon (“Securities Lending Program”), whereby securities are loaned for the purpose of generating additional income. BNY Mellon is responsible for making loans of securities to various broker-dealers and collecting cash and non-cash collateral. If the collateral value falls below a predetermined level, the borrower must post additional collateral. The cash collateral is invested in short duration securities and monitored on an ongoing basis. In conjunction with generating revenue, the collateral pool seeks to maintain a net asset value (NAV) of \$1.00, which is determined by dividing the market value of the assets by the cost of those assets.

PORTFOLIO DEVELOPMENTS

The Securities Lending Program continues to employ very conservative guidelines on both the lending and reinvestment transaction. The reinvestment of the cash collateral is restricted to short duration, very low risk securities. The gross securities lending revenue for the fiscal year was approximately \$773 thousand, a decrease from \$946 thousand in the prior year. Since November 2008, gains and losses from the Securities Lending Program have been excluded from the Total Plan performance calculations.

On June 30, 2017, the NAV of the collateral pool was \$0.72. The market value of the collateral pool was approximately \$123.2 million, with an amortized cost of approximately \$170.5 million.

SECURITIES LENDING STATISTICS

Asset Class	Avg. Lendable Securities (MV)	Avg. Utilization (MV)	Avg. Utilization (%)	Avg. Lending Spread*
U.S. Agency Debt	\$ 292,759	\$ -	-	-
U.S. Corporate Bonds	1,203,243	26,563	2.21%	1.65%
U.S. Equities	2,534,953	192,426	7.59%	0.76%
U.S. Mortgage Backed Securities	148,690	-	-	-
U.S. Treasuries	247,411	3,774	1.53%	0.28%
Non U.S. Corporate	176,592	3,521	1.99%	0.67%
Non U.S. Equity	974,604	24,903	2.56%	0.72%
Sovereign	205,889	4,758	2.31%	0.53%

* Average Lending Spread: The difference between the benchmark Average Fed Target Rate and the Weighted Average Rebate Rate (i.e., the spread reporting the intrinsic value of the security).

SECURITIES LENDING INCOME

Securities Lending Activities	2013	2014	2015	2016	2017
Securities Lending Income	\$272	\$63	\$167	\$188	\$572
Securities Lending Rebate ¹	2,241	1,667	1,811	758	201
Total Securities Lending Income	2,513	1,730	1,978	946	773

¹ Rebate rates establish the economic "cost" of the lending transaction: positive rebates indicate the borrower pays the lender.

Amounts expressed in thousands and thus, may not add up to totals due to rounding.

EXPENSES

OVERVIEW

For fiscal year 2017, total investment and administrative expenses increased by \$56.6 million to \$316.6 million. As a percent of total assets, total expenses increased to 1.05% of Total Plan Assets. Investment management fees and expenses for fiscal year 2017 increased by \$56.0 million to \$302.9 million. The primary contributing factor to this increase was improved performance, relative to fiscal year 2016, in asset classes that utilize performance fee structures. Bank Fees and Investment Expense, which are associated with custodied accounts and primarily consist of commissions on futures contracts and bank fees, increased by \$0.7 million to \$3 million. General administrative expenses remained relatively consistent at \$10.7 million.

Brokerage fees are broken out separately as commissions paid to brokers are considered a part of the investment cost basis and, therefore, not reported in investment management expenses.

Investment management fees and expenses generally consist of three categories; investment management fees, performance fees including carried interest allocation, and other investing expenses such as organizational costs in limited partnership structures. Investment management fees are generally a percentage fee based on the assets under management and paid to the manager of the fund for providing the service of investing the assets. Investment management fees are reported net of offsets which have the effect of reducing this total. Performance fees, including carried interest allocation, are a share of the profits from an investment or fund and are paid to the investment manager to create an alignment of interests. Performance fees include both paid and accrued carried interest.

Investment management fees and expenses are either paid by invoice or netted from investment assets. Under Governmental Accounting Standards Board (GASB) accounting guidance, "Investment-related costs should be reported as investment expense if they are separable from (a) investment income and (b) the administrative expense of the pension plan." The RSIC makes a good faith attempt to disaggregate netted fee amounts that are not necessarily readily separable from investment income. The RSIC collects and aggregates the netted investment fees and checks for reasonableness in order to disclose fees that would not otherwise be disclosed. In order to compare investment expense as reported by the Systems with investment management costs reported by other public pension plans, an understanding of the actual fees and expenses included in any comparative reports is necessary. Additionally, investment plan composition directly influences the fee structure of a plan, and adjustments for differences in plan asset allocation are necessary before conclusions can be reached from such comparisons.

SCHEDULE OF INVESTMENT EXPENSES

Investment & Administrative Expenses	2013	2014	2015	2016	2017
Total Plan Assets	\$26,811,837	\$29,802,411	\$29,189,538	\$27,979,653	\$30,102,107

¹ Asset Class NAV is net of the Notional Exposure of the Beta Overlay program.

² Plan Returns are time-weighted, total return calculations, net of fees and expenses. All returns are expressed in U.S. Dollars. Returns generated from synthetic exposure through the Beta Overlay Program are reflected in the total Plan return and asset class segment returns.

³ Overlay and top level strategic partnership fees are allocated to asset classes proportionately by NAV.

⁴ Fees expressed as a percentage of the ending Asset Class NAV.

⁵ Fees expressed as a percentage of gross exposure to the Beta Overlay program of \$2,322,700,212.

⁶ Performance Fees include both paid and accrued carried interest.

Amounts expressed in thousands and thus, may not add up to totals due to rounding.

RISK

OVERVIEW

The Commission will fulfill its fiduciary responsibility by prudently managing the assets held in trust for the sole benefit of the participants and beneficiaries of the Retirement System. It will seek superior long-term investment results at a reasonable level of risk.

The RSIC invests the assets of the trust in order to earn the required rate of return (7.5 percent as of fiscal year end) over time. With short-term interest rates at historic lows, in order to achieve this goal, an investor is required to expose his or her assets to risk. Instead of pooling one's risk, a prudent investor seeks to balance his or her risks in order to reduce the risk of severe loss. This principle of diversification is central to the RSIC's portfolio asset allocation.

The RSIC also believes that over time, an investor earns a return that is commensurate with the level of risk taken. Risk, in this sense, is a term that refers broadly to an investment's risk of loss. The RSIC typically uses the standard deviation of returns in order to quantify this economic risk of an asset, strategy, asset class, or the broad portfolio. However, there are other risks that are much more difficult to measure (and therefore, mitigate). The RSIC believes risks can be reduced through diversification, a strong due diligence process, ongoing monitoring, and risk management. Some examples of these risks include:

CONCENTRATION OF CREDIT RISK - INVESTMENTS

Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer or counterparty. The Systems' policy for reducing this risk is to comply with the Statement of Investment Objectives and Policies as amended and adopted by the Commission which states that "except that no limitations on issues and issuers shall apply to obligations of the U.S. Government and Federal Agencies, the domestic fixed income portfolio shall contain no more than 6 percent exposure to any single issuer." As of June 30, 2017, there is no single issuer exposure within the portfolio that comprises 5 percent or more of the overall portfolio.

CREDIT RISK OF DEBT SECURITIES

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to the Systems. As a matter of practice, there are no overarching limitations for credit risk exposures within the overall fixed income portfolio.

Each individual portfolio within fixed income is managed in accordance with investment guidelines that are specific as to permissible credit quality ranges, exposure levels within individual quality tiers, and average credit quality. Within high yield portfolios, a quality rating of lower than C is not permissible in any of the fixed income guidelines except in those circumstances of downgrades subsequent to purchase, in which case the investment manager is responsible for communicating the downgrade to the Commission's consultant and staff.

CUSTODIAL CREDIT RISK - INVESTMENTS

Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty, the Systems will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. Investing for the Systems is governed by Section 16, Article X of the South Carolina Constitution and Section 9-1-1310(B) and Title 9 Section 16 of the South Carolina Code of Laws. Funds held in trust for the Retirement Systems may be invested and reinvested in a variety of instruments including, but not limited to, fixed income instruments of the United States, foreign fixed income obligations, swaps, forward contracts, futures and options, domestic and international equity securities, private equity, real estate, and fund of funds.

CUSTODIAL CREDIT RISK – DEPOSITS

Custodial credit risk for deposits is the risk that in the event of a bank failure, the Systems' deposits may not be recovered. As prescribed by South Carolina state statute, the State Treasurer is the custodian of all deposits and is responsible for securing all deposits held by banks. These deposits are secured by deposit insurance, surety bonds, collateral securities, or letters of credit to protect the state against loss in the event of insolvency or liquidation of the institution or for any other cause. Deposits are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 or collateralized with securities held by the state or its agent in the South Carolina State Treasurer's name as custodian.

EQUITY RISK

Equity risk refers to the financial risk of loss that results from ownership. Equity risk is typically observed using the standard deviation of returns.

FOREIGN CURRENCY RISK

Foreign currency risk is the risk that changes in exchange rates will adversely impact the fair value of an investment. The Systems participate in foreign markets to diversify assets, reduce risk and enhance returns. Currency forwards are used to manage currency fluctuations and are permitted by investment policy. Policy, however, forbids speculating in forwards and other derivatives.

INTEREST RATE RISK

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment or portfolio. While the RSIC has no formal interest rate risk policy, interest rate risk is observed within the portfolio using effective duration (option adjusted duration), which is a measure of the price sensitivity of a bond or a portfolio of bonds to interest rate movements given a 100 basis point change in interest rates. Effective duration takes into account that expected cash flows will fluctuate as interest rates change and provides a measure of risk that changes proportionately with market rates. Investment guidelines may specify the degree of interest rate risk taken versus the benchmark within each fixed income portfolio.

LEVERAGE RISK

Leverage is the use of borrowed capital to increase potential investment returns. While the Trust is not allowed to utilize leverage at the total plan level, certain investment vehicles, in particular alternative investment funds, can utilize leverage. The Trust itself, however is not levered at the total plan level, and the total loss exposure to the Trust is limited to the capital invested/committed to the investment vehicle.

LIQUIDITY RISK

Liquidity risk is the risk of having limited access to funds, resulting from a lack of market liquidity or restrictions on the sale of ownership interests. The term “liquidity risk” distinguishes a form of market risk which typically occurs when demand for a given security is weak, or the supply of a security is low. Liquidity risk is higher for “private market” investments, such as private equity and real estate funds. While so-called “secondary sales”—privately arranged transfers of interests in these investments—are an increasingly viable option, selling these interests can be subject to restrictions and may require the seller to accept a discount to the investment’s valuation. There is no publicly available exchange or marketplace on which to liquidate these ownership interests.

VALUATION RISK

The fair values of alternative investments including private equity, private debt, hedge funds, real estate and commodities, for which daily market values are not readily ascertainable, are valued in good faith based on the most recent financial information available for the underlying companies and reported by the investment managers at the measurement date, adjusted for subsequent cash flow activities through June 30, 2017. The estimated fair value of these investments may differ from values that would have been used had a liquid public market existed.
