COLUMBIA, SOUTH CAROLINA - Sept. 9, 2026

The South Carolina Retirement System Investment Commission Reports a 14.53% Net Investment Return for Fiscal Year 2026

CEO Michael Hitchcock and CIO Bryan Moore announced today that for the fiscal year ending June 30, 2026, the South Carolina Retirement System Investment Commission (RSIC) achieved positive annualized investment returns of 14.53%, 12.11%, 8.31%, and 9.16% over the 1, 3, 5, and 10-year time periods respectively, which resulted in \$7.33 billion, \$16.68 billion, \$18.92 billion, and \$34.56 billion in cumulative investment performance over these time periods.

The investment performance for the 1, 3, 5, and 10-year time periods also exceeded RSIC's policy benchmark by 55 bps, 91 bps, 171 bps, and 94 bps respectively, which resulted in \$271 million, \$1.35 billion, \$ 4.40 billion, and \$4.79 billion in cumulative outperformance over the same time periods.

RSIC's assets under management increased to \$58.01 billion, after starting the fiscal year at \$50.34 billion.

Fiscal year performance, as well as individual asset class returns, will be presented and discussed in greater detail at the Commission's September 10th meeting.
